

PEREGRIN Riesling Reserve 2017

Origin:	lower austria, Austria
Varietal(s):	Riesling
Color:	White
Description:	Our top-selection of Riesling from the limestone-cliffs in Falkenstein, matured on the lees in 1000 l oak barrels. The palate is full and rich in nuances with delicate mineralic notes in the finish; great ageing potential.
Terroir:	The old vines (up to 40 years of age) grow in a protected south facing site rich in layer, fossils and shell limestone.
Vinification:	Very selective hand-picking of healthy, ripe grapes at the end of october; 35 hours of cold maceration bevor careful pressing. Spontaneous fermentation and vinification in 1,000 liter oak barrels, up to 10 month maturing on the lees („sur lie“).
Food-Pairing:	Turbot & sauce bearnaise, fried/grilled sea brass with fennel & tomatoes, veal lights, medaillons of veal & asparagus, steamed cutlets of veal with basil, roasted sucking-pig & cabbage salad.

The Winery

Dürnberg in the picturesque village of Falkenstein is managed by winemaker Christoph Körner together with his friends and business partners Matthias Marchesani and Georg Klein. „The three from Dürnberg“ are true wine enthusiasts and therefore constantly aim at the creation of wines with strong character that unite the traditional and the modern in a refined, sophisticated way.

The mixture of limestone and loam comprise the typical wine soil – the terroir - of the region. Elegance, complexity on the palate and cool minerality are rooted here.

No matter which measures are taken in the vineyards, the sustainable use of natural resources is at the forefront of Dürnberg´s care. As every detail of the vineyards is known, the team has formulated his own rules of eco-management. Only resources that are permitted for “controlled integrated production” are used. Because of this sustainable management, the Dürnberg team is proud of their healthy old vineyards with up to 60 years old vines!

Dürnberg Winery is a „Leading Wine Producer“ of the Weinviertel region and certified for its sustainable production.
